

Conference Day
Thursday, September 18, 2008
Westin Gaslamp Quarter

San Diego Green 2008 is the region's conference on sustainable design. Hosted by the San Diego Chapters of the U.S. Green Building Council and The American Institute of Architects, this conference is expected to attract approximately 600 attendees. Now in its fourth year, San Diego Green 2008 includes keynote speakers, multiple break-out sessions, several networking events, and a top-notch showcase. The site of this green-focused program will be the Westin Gaslamp Quarter. A continental breakfast, luncheon, and closing reception ensure that there will be plenty of networking opportunities as well as fellowship and camaraderie. If your company is looking to reach building industry professionals, architects, planners, government officials and more with a green message, there is no better local opportunity in which to do so.

Lunch will be served on the Terrace outside the Exhibitor Pavilion.
